

IN GOOD COMPANY

2024 Member Recognition Report

As we welcome a new year, we're excited to present the fourth annual In Good Company Report – a celebration of Georgia businesses that go beyond profit and embrace the spirit of business generosity.

Business generosity *action verb*

a) defined as a new business ethos woven into the fabric of a company, shaping their purpose, enhancing productivity, fostering retention, and making the workplace healthier **b)** the secret ingredient that builds loyalty among customers, vendors, and partners as well as **c)** the foundation of resilient, vibrant communities.

Within the pages of this In Good Company Report you'll discover the growing alliance of 2,100+ goBeyondProfit member companies. While Georgia is acknowledged as a great place to do business, goBeyondProfit members stand out by consistently exemplifying what it truly means to be generous.

Within the list you'll discover a family-owned manufacturing company in southwest Georgia that listens closely to employees and experiments with flexible schedules to boost productivity and enable employees to care for family and neighbors. You'll find a community bank that goes beyond the bottom-line providing a haven when bank closures dominated the headlines. Notice the local printing company spreading hope, the commercial real estate firm contributing space for community healing, and the logistics company developing innovative solutions for hunger and food waste, inviting other businesses to join the fight.

Our heartfelt thanks go to every business featured in this In Good Company Report. Literally everyone notices and values the good you do every day in communities across Georgia.

Here's to a year filled with continued generosity and endless possibilities!

**of Georgians surveyed say
it's important to work
for a generous company**

A large, stylized map of the state of Georgia serves as the background for the right half of the page. The map is filled with a mosaic of yellow and light green triangles, creating a textured, geometric effect. The text 'HONORING 2,100+ BUSINESSES' is overlaid on this map in large, bold, blue capital letters.

HONORING 2,100+ BUSINESSES

The 2023 goBeyondProfit CEO Forum, hosted by Jackson Healthcare, brought together leaders from across the state to tackle mental health in the workplace.

In goBeyondProfit’s annual Business Generosity Report, executives named an engaged and connected culture as the main benefit resulting from their company’s generosity efforts. This was followed closely by the impact these efforts have on attracting and retaining top talent.

91% of executives plan to increase or maintain current generosity investments

“I think you've seen people really wanting more out of life. That's why it's important for us to give back and to make sure we're about something more than just profit and the bottom line.”

“The most critical factor for success for a wellness program is buy in from the leadership. As a leader, you set the tone for your entire company.”

Dr. Romie Mushtaq, Chief Wellness Officer and Founder of BrainSHIFT at Work

Colony Bank received the goBeyondProfit Champion award for their role in improving lives but also for the practical ways they tie daily tasks and customer interactions back to the company purpose.
